GEARY AT PARK PRESIDIO IMPROVEMENTS PROJECT SURVEY RESULTS

The Geary at Park Presidio Improvements Project aims to provide a safer and more inviting environment for Muni passengers, pedestrians, runners, and vehicular traffic at the intersection of Geary Boulevard at Park Presidio Boulevard. Our goal is to create a design that reflects the needs of the community and reinforces neighborhood identity. Concepts to be considered for the Geary at Park Presidio Improvements Project include: seating, decorative sidewalks, plazas, and gateway planting.

The public was able to provide input through our online survey until May, 2017. The survey had 237 respondents.

What type of improvements would be best at the Geary at Park Presidio intersection? Please rank the possible project goals (1,2,3,4) in the order you would prioritize them, with 1 being the most important and 4 being the least important.

As the project team continues through detailed design, we may need to adjust the scope in order to meet our budget. Please rank the project elements (1,2,3,4,5) in the order you would prioritize them, with 1 being the most important and 5 being the least important.
What do you like about the existing intersection at Geary and Park Presidio? (165 respondents)

- Convenience: 41%
- Trees/Green Space: 41%
- Pedestrian Visibility/Friendliness/Lights: 25%
