ii. Public Works will retain a Street Excavation Permit Spreadsheet in the J: drive that will contain all Street Excavation Permit information, including Permittee names, addresses, and applicable permit information. The spreadsheet shall be updated on a monthly basis.

iv. The City and County of San Francisco reserves the right to modify and/or revoke Street Excavation Permits without notice or liability to the Permittee if necessary to provide emergency services or the safe movement of people and emergency response apparatus and equipment.

v. All Permittees, including but not limited to public utility companies shall continue to coordinate amongst each other and all other excavators and underground facility owners as it relates to
excavations, locating, identifying and marking existing utilities and other underground facilities.
