CONSTRUCTION NEWSLETTER – OCTOBER 2020

Highlights
• Interior finishes including drop ceiling tile, carpet, base walls, and roller shades are 90% complete.
• Polished and stained concrete floors in selective areas.

Construction Activity scheduled for October:
• Apply elastomeric coating at concrete masonry unit (CMU) walls. This is used to help prevent water from penetrating the building’s envelope.
• Place concrete slab and set fuel dispensers and equipment at ambulance fueling station.
• Electrical rough-in at ambulance charging parking stalls.
• Set fencing and gate posts at driveway on Jerrold Avenue.
• Continue installation of the accessible elevator.
• Continue installation of site utilities (gas, electric, water).
• Continue start-up, testing, and commissioning of mechanical and electrical systems and equipment.

Other Information
• Fire Station No. 9 at 2245 Jerrold Avenue will remain open and continue to provide service throughout construction.

SCHEDULE
*Construction schedule is subject to change due to adverse weather and unforeseen conditions.

OCT 2020
• Finishes at building levels 1-4 and garage.
• Site utilities, sitework, and landscaping.
• Commissioning continues.
